STRATEGIC PARTNERSHIP ANNOUNCEMENT

Branvio Named Exclusive License Monitoring Partner of PRO Central Virginia

Enhancing Compliance, Consumer Protection,
and Professional Standards Across Virginia's
Construction and Remodeling Industry

STRONGER COMPLIANCE. GREATER CONFIDENCE.

Continuous license monitoring and expanded compliance services that protect consumers and elevate industry standards.

A PARTNERSHIP COMMITTED TO EXCELLENCE.

Together, Branvio and PRO Central Virginia are building a stronger, more transparent, and more accountable remodeling industry for Virginia.

JULY 11, 2026

Richmond, Virginia &
Columbia, Maryland

FOR IMMEDIATE RELEASE

RICHMOND, VIRGINIA and **COLUMBIA, MARYLAND** — [July 11, 2026] — PRO Central Virginia, one of Virginia's leading nonprofit associations serving construction, remodeling, and home improvement professionals, today announced a strategic partnership with Branvio, Inc., a leading provider of license and compliance monitoring solutions. Under the agreement, Branvio has been selected as the exclusive license monitoring provider for PRO Central Virginia and will provide contractor license monitoring for all members. Members will also have exclusive access to Branvio's expanded compliance monitoring services for certifications, permits, insurance, bonds, and other regulatory requirements.

The partnership reflects PRO Central Virginia's commitment to raising the standard of professionalism, accountability, and consumer confidence within Virginia's remodeling industry.

For homeowners, choosing a PRO member already means choosing a company committed to ethical business practices. This partnership builds on that commitment by providing continuous monitoring of members' contractor licenses and giving members access to Branvio's expanded compliance monitoring services for certifications, permits, insurance, bonds, and other regulatory requirements.

By partnering with Branvio, PRO Central Virginia is providing members with exclusive access to compliance monitoring services while giving homeowners added confidence that member companies continue to meet important licensing requirements. Rather than relying solely on a one-time credential review during the membership process, PRO Central Virginia will now benefit from ongoing monitoring designed to help identify changes that may affect a member's licensing status.

WHAT THIS PARTNERSHIP DELIVERS

Through this partnership, Branvio will provide contractor license monitoring for all PRO Central Virginia members and offer exclusive access to expanded compliance monitoring services, including:

Contractor License Monitoring

Continuous monitoring of active license status

Trade Certifications

Verify and monitor trade credentials

Permits

Track and monitor required permits

Insurance

Monitor insurance coverage and expiration dates

Surety Bonds

Verify bond coverage and renewal compliance

Corporate Registrations

Monitor corporate registrations and filings

Other Key Compliance Requirements

Stay ahead of evolving regulatory obligations

Continuous monitoring. Early detection. Greater protection.
Stronger industry. More confident consumers.
